Re: Diamond Alkali Superfund Site

Dear Mr. Simshauser:

In response to your letter of March 22, several of the people from EPA who would be attending a meeting with Chris-Craft are not available on April 19. Although, I would otherwise propose a meeting on another day that week, I am currently scheduled to be in depositions April 17, 18, 20, and 21. If that schedule changes, I will let you know.

As an alternative, however, EPA would be available to meet with Chris-Craft on April 24 or 25. Please let me know of your availability for one of these days.

Very truly yours,

Patricia C. Hick
Assistant Regional Counsel
